

HYPERBOLE

VERSE 1

My mom just had a crash out
Telling me to take the trash out
She said, "I told you one million times!"
I said, "Ok, jeez, will do
But really I don't think that's true
I could swear it was just four or five"

PRECHORUS 1

She rolled her eyes at me
And said, "That was hyperbole"
I said, "Hyperbo-what?"
And she said...

CHORUS 1

Hyperbole, hyperbole
When you exaggerate on purpose for effect
Hyperbole
When you said it took forever
But it took half an hour is all you meant
That's called hyperbole

VERSE 2

"It's hotter than the sun"
Or "My backpack weighs a ton"
These are sentences that stretch the truth
Even if it isn't real
That just might be how it feels
And it helps express a point of view

PRECHORUS 2

When something makes you go
"That's a little much"
Maybe it's just...

CHORUS 2

Hyperbole, hyperbole
When you exaggerate on purpose for effect
Hyperbole
When you said it weighs a tone
But it just weighs a lot is all you meant
That's called hyperbole

...

CHORUS 2

Hyperbole, hyperbole
When you exaggerate on purpose for effect
Hyperbole
When you said it was impossible
But it was pretty hard is all you meant
That's called hyperbole
That's called hyperbole
