

# The Main Idea

Today was a great day; it was the bestest!  
To start it off we had donuts for breakfast  
We ate a whole box, just the two of us  
Then they played my favorite song on the school bus  
When I got to school, they rearranged the desks  
And I got to sit next to my best friend  
We had a math test, but it was easy  
When I got home, my favorite show was on TV!

Now all of these facts are in support of single point  
They're all about how today was a great day  
So that fact is the main idea  
'Cause it's the one fact to which all the other facts relate

There's a main idea, and there are details  
If you're smart, you can tell them apart  
The first is the whole point of the writing  
The rest give the main idea support  
The main idea  
The main idea  
The main idea  
The main idea

The leaves are changing, and falling down now  
It's not as hot as when summer was around now  
We had a nice break, but now it's over  
We're back in school; soon it will be October  
We'll have Halloween, and get crazy  
A month later we'll eat turkey and gravy  
Can't wait to see how it's gonna go this year  
I'm happy to report that fall is here!

Now all of these facts are in support of a single point  
They're all about how today was a great day  
So that fact is the main idea  
Of all the facts this one just really sums up them all

If you're smart, you can tell them apart  
The first is the whole point of the writing  
The rest give the main idea support
