Vampire Bats

Though many people think that vampire bats are scary, they are actually marvelous mammals that should not be feared. Bats are nocturnal, so they are active at night when most people are asleep in their homes. Most of the time, vampire bats feed on livestock like cows and pigs. Most people who have seen a vampire bat say that they are tame and don't attack humans. Vampire bats are not frightening!

My Birthday

My birthday is going to be so much fun! In the morning, my grandma and I are going to go out to breakfast. I already know I am going to order waffles. After breakfast, she and I are going to go play at the park near our house. I love when she pushes me on the swings. In the afternoon, my best friend is going to come over to my house and we are going to watch movies, drink hot cocoa, and stay up late. I can't wait!
