

Name: _____

Date: _____

IDENTIFY THE TEXT STRUCTURE

Read each paragraph. Circle the text structure.

1. The rainforest is full of tall trees, colorful birds, and noisy insects. Thick vines hang from the branches, and bright flowers grow on the forest floor. The air is warm and wet almost every day.

Description Compare & Contrast Sequence Problem & Solution Cause & Effect

2. First, Mia mixed the flour and sugar in a bowl. Next, she added eggs and milk. Then she poured the butter into a pan. Finally, she baked the cake for 30 minutes.

Description Compare & Contrast Sequence Problem & Solution Cause & Effect

3. It rained heavily all night. Because the ground was already soaked, the river rose quickly. As a result, several roads were closed the next morning.

Description Compare & Contrast Sequence Problem & Solution Cause & Effect

4. Both dolphins and sharks live in the ocean. Dolphins are mammals, but sharks are fish. Dolphins breathe air through lungs, while sharks breathe through gills.

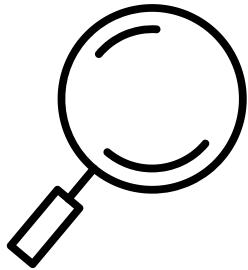

Description Compare & Contrast Sequence Problem & Solution Cause & Effect

5. The class wanted to grow plants, but the soil in the schoolyard was too dry. To solve the problem, they added compost and watered the soil each day.
