

# TEXT STRUCTURES

## VERSE 1

When authors write they organize  
Their thoughts and ideas in different ways  
Spot the pattern and you'll realize  
It helps you understand  
What they're trying to say

## CHORUS 1

Compare and contrast  
Sequence, description  
Cause and effect, problem and solution  
These are patterns  
You're bound to discover  
'Cause writing is made of text structures  
Text structures  
Text structures

## VERSE 2

Description paints a picture  
In your mind  
Details help you see the scene  
Like a desert's hot with sand  
That stretches farther than you've ever seen  
Sequence shows events in order  
Like first, then next, then after that  
Compare and contrast shows how  
Two things are different  
And how they match  
Cause and effect tells what happened  
And why it happened too  
Problem and solution shows something wrong  
And tells you what someone decided to do

## CHORUS 2

Compare and contrast  
Sequence, description  
Cause and effect, problem and solution  
These are patterns  
You're bound to discover  
'Cause writing is made of text structures  
Text structures  
Text structures  
...

## CHORUS 3

Compare and contrast  
Sequence, description  
Cause and effect, problem and solution  
These are patterns  
You're bound to discover  
'Cause writing is made of text structures  
Text structures  
Text structures
